

DUTTON REINFORCING STEEL LLC

Veteran-Led Reinforcing Steel Specialists for Infrastructure & Industrial Projects

(SDVOSB Certification Pending)

◆ COMPANY OVERVIEW

Dutton Reinforcing Steel LLC is a Texas-based reinforcing steel contractor specializing in heavy civil, infrastructure, and industrial foundation projects. Led by a U.S. Army Veteran with over 25 years of reinforcing steel experience, the company delivers disciplined estimating, controlled execution, and production-focused project management.

We support concrete contractors and prime contractors by reducing reinforcement risk from preconstruction through field execution.

◆ CORE COMPETENCIES

- Reinforcing Steel Estimating & Quantity Takeoffs
- Heavy Civil & Infrastructure Reinforcement
- Bridge & Deep Foundation Projects
- Wastewater Treatment Facilities (WWTF)
- Industrial & Structural Concrete Reinforcement
- Project Management & Production Coordination
- Change Order Strategy & Cost Control
- Blueprint & Specification Analysis
- Labor Coordination & Field Execution Oversight

◆ DIFFERENTIATORS

- 25+ Years Reinforcing Steel Experience (Field to Executive Level)
- Veteran-Led Leadership (U.S. Army Sergeant)
- Former President of Reinforcing Steel Company
- Senior Estimator on High-Value Commercial & Infrastructure Projects
- Proven Change Order Negotiation (\$300K+ Secured on Single Project)
- Deep Understanding of Reinforcement Scope Risk & Cost Exposure
- Experience Across TXDOT, CALTRANS, High-Rise, and Heavy Civil Sectors

◆ PAST PERFORMANCE HIGHLIGHTS

- 30-Story High-Rise Residential Tower – Houston, TX

- Senior Estimator responsible for full reinforcing steel scope
- Successfully secured and managed high-value change orders
- TXDOT & CALTRANS Infrastructure Projects
- Reinforcing steel estimating and field supervision for bridges, foundations, and civil structures
- Wastewater Treatment & Industrial Facilities
- Reinforcement execution across complex, large-scale structural systems

◆ SERVICES

- Dutton Reinforcing Steel LLC provides:
- Reinforcing Steel Installation (via managed labor partnerships)
- Preconstruction Estimating & Budget Support
- Reinforcement Scope Review & Risk Analysis
- Production Planning & Scheduling Coordination
- Change Order Development & Cost Recovery Strategy

◆ TARGET MARKETS

- Heavy Civil & Infrastructure
- Industrial Construction
- Wastewater Treatment Facilities
- Bridge & Transportation Projects
- Federal & Military Construction

◆ CERTIFICATIONS

- Service-Disabled Veteran-Owned Small Business (Pending)
- SAM Registration (In Progress)

◆ COMPANY DATA (To Be Completed)

- UEI: Pending
- CAGE Code: Pending
- NAICS Codes:
- 238190 – Other Foundation, Structure, and Building Exterior Contractors
- 332312 – Fabricated Structural Metal Manufacturing
